

Hello; it's voting time again. My name is Nick Koval and I am your current AOCE Executive Vice President of Non-Custody. I am seeking your vote to once again allow me to represent your interests in attempting to make our world within the DOC just a little bit better. These past two years it has been my pleasure to work with you, the members, as to protecting your rights under the Collective Bargaining Agreement. We can be proud that one of our biggest accomplishments working for you is that we have positioned ourselves as to the only Bargaining unit in the State is to attempt to stop the PEBB, HEM program. We have taken it to the courts. That's what is so great about the AOCE, we work directly for you the members, and those of you who have seen me in action know I fight for your interests. I look forward to representing you another term.

Sincerely
Nick Koval
