

Hello everyone!

I am excited to say that I have accepted the nomination to run for AOCE Vice President here at OSP. My decision to run for executive office has been long coming and I have had an interest in getting my feet wet and learning some new things that can and will be beneficial to all of us. If I am elected, I can assure you that anything you approach me with will be handled with the utmost respect and attention to your concern.

There are many changes happening that are alarming and confusing. I want to understand these fully so that I can help my family here at OSP to understand them as well. I am looking forward to being involved in bringing forward the concerns of the membership to implement positive change for all of AOCE. I am really excited to run for this position and do the best that I can do for you as my friends and co-workers. Below I have listed some points that are of concern to me and many of you:

Staff Safety

HEM

Union Representation

With your help and input, I would like to see some changes...

Overall, I would like to bring some new ideas and perspective to the table!

So with that being said, I am asking for your vote...

Thanks so much for taking the time to read this...But thanks even more for voting!

Elena Martinez

A handwritten signature in black ink, appearing to read 'Elena Martinez', with a large, stylized flourish at the end.
